

Tax Saver Commuter Tickets Explained

TaxSaverCommuter Ticketsisan initiativeof the Revenue Commissioners introduced in 1997 which exempts employees from benefit-in-kind taxation when purchasing an annual commuter travel ticket for bus or rail via salary sacrifice with their employer.

How it Works?

- The expense mustbe incurred by the employer on the employee's behalf.
- The employee enters a salary sacrifice arrangement whereby their gross income is reduced by the cost of the annual tax saver ticket and they will not be charged tax on the remuneration sacrificed.
- The employer is allowed treat the cost of the tax saver ticket as an expense for their records.
